HIV/AIDS Section

Florida Comprehensive Planning Network Meeting
Tampa, Florida
November 7–9, 2018
What is the Integrated HIV Prevention and Care Plan (IP)?

- Combination of goals, objectives, strategies, and activities
- Ensures all areas and populations of Florida are supported with HIV/AIDS services
  - Access
  - Quality
- State and community partnerships
  - Shared responsibilities
- Implementation period from 2017–2021
NHAS Goal 1: Reduce New Infections

By December 31, 2021:

• Increase the proportion of HIV-infected persons who know their serostatus from 87.2% (2015) to at least 90%

• Reduce the annual number of newly diagnosed HIV infections in Florida from 4,613 (2014) to 4,004

• Reduce the annual number of HIV-infected babies born in Florida from 6 (2014) to less than 4
NHAS Goal 2: Increasing Access to Care and Improving Health Outcomes for PLWH

By December 31, 2021:

- Reduce the number of HIV-related resident deaths from 878 (2014) to 762
- Increase the proportion of PLWHAs linked to care (ever in care) from 90% (2014) to 96%
- Increase the proportion of PLWHAs retained in care from 64% (2014) to 90%
- Increase the proportion of PLWHAs with a suppressed viral load (<200 copies/mL) from 58% (2014) to 80%
- Increase the proportion of ADAP clients with a suppressed viral load (<200 copies/mL) from 89% (2014) to 94%
By December 31, 2021:

- Reduce the annual number of newly diagnosed HIV infections in Florida’s black population from 2,024 (2014) to 1,757
- Reduce the annual number of newly diagnosed HIV infections in Florida’s men who have sex with men (MSM) population from 2,761 (2014) to 2,397
- Reduce the rate of new HIV infections in Miami-Dade and Broward counties from 45.8 (2014) to 39.7 and 38.6 (2014) to 33.5, respectively
- Reduce the annual number of newly diagnosed HIV infections in Florida’s Hispanic/Latino population from 1,281 (2014) to 1,112
## IP Structure

### Goals, Objectives, Strategies, Activities

<table>
<thead>
<tr>
<th>NHAS Goal 3: Reducing HIV related disparities and health inequities</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Objective 3.1.</strong>: By December 31, 2021, reduce the annual number of newly diagnosed HIV infections in Florida’s black population from 2,024 (2014) to 1,757.</td>
</tr>
</tbody>
</table>

#### Strategy 3.1.A.

- **Ensure universal access to and availability of PrEP and increase awareness of nPEP**

<table>
<thead>
<tr>
<th>Activities 3.1.A. (1 - 6)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>In progress</strong></td>
</tr>
<tr>
<td>3.1.A.1 - Expand the use of culturally competent PrEP navigators in counties/areas with active PrEP clinics</td>
</tr>
<tr>
<td>Black Hetero, Black MSM, Black IDU</td>
</tr>
<tr>
<td>Inventory of PrEP navigators in areas with PrEP clinics</td>
</tr>
<tr>
<td>FDOH – HIV/AIDS Section (Prevention)</td>
</tr>
<tr>
<td><strong>In progress</strong></td>
</tr>
<tr>
<td>3.1.A.2 - Develop social marketing and educational materials that contain information on PrEP and nPEP (basic information, how to access, etc.) specific to Florida’s black population</td>
</tr>
<tr>
<td>Black Hetero, Black MSM, Black IDU</td>
</tr>
<tr>
<td>Inventory of resources</td>
</tr>
<tr>
<td>FDOH – HIV/AIDS Section (Prevention, Medical)</td>
</tr>
<tr>
<td><strong>In progress</strong></td>
</tr>
<tr>
<td>3.1.A.3 - Provide education and training to healthcare providers, hospitals, emergency departments and sexual assault nurses on the delivery of nPEP specific to Florida’s black population</td>
</tr>
<tr>
<td>Black Hetero, Black MSM, Black IDU</td>
</tr>
<tr>
<td>Number of trainings provided</td>

</table>
IP Progress

January 2017-June 2018:

• Integrated Plan Activity Status
  - Started – 82%
    • 20% of activities started are complete
    • 46% of activities started are ongoing
      o Ongoing: actively being carried out
    • 34% of activities started are initiated
      o Initiated: started but not implemented
  - Not Started – 18%
NHAS Goal 1: Highlights

• Piloting the INSTI 3rd generation rapid HIV test
• Incorporated Treatment as Prevention (TasP) messaging and education in social marketing and educational materials developed
• Held 4 PrEP Institutes throughout the state
• Expanded the Faith Responds to AIDS (FRTA) Initiative
• Educated and trained 890 medical providers
• 73 Walgreens locations participating in Baby RxPress Program
TasP Messaging - Twitter

Know Your HIV Status @KnowYourHIVStat · Aug 26
Black/African Americans account for 65% of perinatal #HIV transmissions in the #US, a 2016 study shows, followed by Hispanic/Latino and White people.

Know Your HIV Status @KnowYourHIVStat · Aug 30
Kids are the future which is why we need to ensure their safety. Help us reduce the number of cases of children born with #HIV each year.

NHAS Goal 2: Highlights

- Expanded Test and Treat Programs to 46
- Expanded the use of Data-to-Care to identify, link, and re-engage
- Expanded the range of insurance options supported by ADAP from 33 plans offered in 2017 to 37 in 2018
- Evaluated the Part B Service Delivery System
- Moving 525 insurance clients from Miami-Dade and 75 from Orlando Part A Programs to ADAP
NHAS Goal 3: Highlights

• Established 10.4 FTEs dedicated PrEP Navigators/Coordinator positions for 2018 HIV Prevention Grant

• Ensuring PrEP Navigator cultural competency through DOH training
  – PrEP in Communities of Color training by AIDS Project Los Angeles (APLA)
  – PrEP Navigation trainings by National Community Health Partners
  – PrEP-based Motivational Interviewing by PROCEED
  – Delivery of PrEP Services for LGBTQ Populations by APLA
